Asia 2011/2012

I have lived in Asia for nine years (in the nineties) and I have remained enticed by this world full of surprising gifts. It's cultural lives where people, food, visual scenes, religion and practices are so strong, one cannot help but be bewitched by it.

I go back whenever I have the chance and never stop being excited by it. I am very grateful for every opportunity I have to live the life of the East and photograph it.
